## **Orthodox Doctor, Genealogist, Author Neil Rosenstein Indicted For Possession Of Child Porn**

...In a related story, a prominent Elizabeth surgeon and published author (<http://www.neilrosenstein.com/>) was arrested and charged with possession of child pornography after federal agents found hundreds of pornographic movies and photos involving children on his home computer, authorities said.

Neil Rosenstein, 62, author of "The Unbroken Chain ([http://www.amazon.com/Unbroken-Chain-Biographical-Genealogy-Illustrious/dp/096105784X/ref=pd\\_bbs\\_sr\\_1/104-4958384-1467904?ie=UTF8&s=books&qid=1192125260&sr=1-1](http://www.amazon.com/Unbroken-Chain-Biographical-Genealogy-Illustrious/dp/096105784X/ref=pd_bbs_sr_1/104-4958384-1467904?ie=UTF8&s=books&qid=1192125260&sr=1-1))" and founder of the Jewish Genealogical Society of New York (<http://www.jgsny.org/>), was arrested by U.S. Immigration and Customs Enforcement on Tuesday and made an initial appearance in federal court in Newark. He posted bail later that day

Rosenstein's home computer was seized from an attic office on July 24 by ICE agents and searched for pornographic material. Among the files found were videos allegedly showing explicit sexual acts between adult men and children, according to a criminal complaint against him.

If convicted of possessing child pornography, he could face up to five years in federal prison, ICE Deputy Special Agent in Charge Thomas Manifase said.

**Neil Rosenstein** (<http://www.tali.com/neilr/>) was born in Cape Town, South Africa in 1944. He studied medicine at the University of Cape Town and interned in Israel. He specialized in surgery at the Mt. Sinai hospitals in Cleveland and New York City, and the University of Medicine and Dentistry in Newark, New Jersey.

As a result of over four decades of investigative study of rare books and manuscripts, trips to libraries and cemeteries, travel and correspondence, Dr. Rosenstein has accumulated a vast matrix of material on Jewish genealogy, especially in the field of rabbinical dynasties for which he has become world famous. His research has included travel in South Africa, Israel, U.S.A., Poland, Germany, Czechoslovakia, England, Italy, and France.

He founded the Jewish Genealogical Society, Inc. (New York) in 1977, first located in Elizabeth, New Jersey, and is also the founder and director of the Computer Center for Jewish Genealogy.

Dr. Rosenstein is the author of many works on Jewish Genealogy, his magnum opus being *The Unbroken Chain*, first published as a single volume in 1976. An expanded two-volume second edition was published in 1990. Other noted works include *Saul Wahl, The Grandees of New Jersey, The Lurie Legacy: The House of Davidic Royal Descent, Avnei Zikaron (Stones of Remembrance), The Gaon of Vilna and his Cousinhood, and Latter Day Leaders, Sages and Scholars*. He has produced a CD-ROM with the indexed obituaries of the first-ever Hebrew weekly, *HaMagid*, which was in print from 1856 to 1903. In addition, he is contributor of articles to various Jewish genealogical publications and *The Jewish Press*. He lectures frequently and has spoken many times to various Jewish genealogical societies, in the United States and abroad, as well as at the International Seminars for Jewish Genealogy and the annual National Summer Seminars. His biography is included in *Who's Who in World Jewry* (1987) and is listed in *Marquis' Who's Who in America* (from 1997 onwards).

Dr. Rosenstein continues to both practice medicine and conduct genealogical research. He and his wife, Mavis, live in Elizabeth, New Jersey. They have five sons and 13 grandchildren.

Shmaryah, Neil is FAR from Haredi. He has always led the fight to modernize the small shul he davens in (Elmora Hills) and is very very left wing. In fact, you would be hard pressed to find anyone in Elizabeth that hates Haredim more than Neil.

There are computer hackers that dedicate themselves in rooting out and exposing child Porners to the authorities. These righteous hackers will NEVER be prosecuted. These hackers will lurk on child porn sites and see who is downloading this stuff and THEN figure out who they are and track them down.

On the other hand, there are hackers who CAN put this junk on most PCs out there.

For instance my neighbor has an unprotected wireless connection that reaches out from beyond his house and I can put ANYTHING on his computer. NO WORRY cause I would not even to that to my most vile enemy. One reason that you would understand is that I might leave traces of my visit-there ARE more stealthier people out there!!

Neil is not charedi by any stretch of the imagination. He is modern orthodox.

Knowing Neil for many years, I can not believe the story is true.

An arrest does not make it true.

It doesn't matter if he's haredi, MO or conservative. The fact that he wears a beard and looks religious makes this into a chillul hashem. The outside world doesn't know or care about the differences between haredi, MO, chassid, etc. To them it's all the same. Here you have a religious looking Jew, who is supposed to represent G-d, acting in a totally inappropriate manner. This guy should have taken a shave before this happened to avoid this chillul hashem. Now his sins are magnified a million times more.

It is high time we prosecute all people involved in child porn, child molestation, etc. The fact that a Jew of any persuasion is involved sickens me to no end. Here in Baltimore the Jewish community at large is (finally) beginning to face up to these criminals and their disgusting activities. If convicted this man should rot in prison forever.

Although it is despicable and criminal, you cannot equate what this guy's accused of doing with child molestation. One crime involves victims whose lives may be forever destroyed, while the other crime is purely self gratification. You can argue that by downloading and paying for this material, he is aiding and abetting the kiddie porn industry. However, this still falls short of molestation.

I also know Neil. On the one hand, I agree with Isa - I find it hard to believe that Neil could be guilty. On the other hand, would they really make an arrest if they didn't have pretty good proof? Apparently they seized the computer a few months ago and were investigating this whole time.

A 53 year old respected lawyer came to Michigan for sex with a young girl and was arrested and hung himself in prison. All his friends were shocked that he had done it.

We don't know what people do in their bedrooms or attics.

According to news reports, they have credit card records as well. Everyone is innocent until proven guilty, but we also must recognize that everyone has their faults.

regarding""""Viagra purchasing without a prescription?""""

Come to Texas, park your car, cross the border and you TOO can purchase this and ordinary drugs without prescription legally in Mexico and bring 90 day supply across without much hassle- be sure to declare everything. If you HAPPEN to bring something really illegal, customs will simply confiscate it and you are on your way. By really illegal, I mean something packaged commercially in Mexico and is prohibited in the USA.

I'm still struggling to believe this about Neil. Is there any information as to the ages of the children depicted in the porn? After all, the law defines anything under the age of 18 as child porn. If he was looking at 15 year olds, wrong as it is in today's society, at least it's not a sexual abbeation. I'm hoping that's the case - would make it a lot easier.

It's a dumb law legislated by idiots that don't know how to lead a country. But the idiots that support this law deserve to be led by idiots.

It's not right to put a man in jail for owning porn. It's the modern day equivalent of a witch hunt. The torah doesn't put a man in jail for owning porn. A great man's reputation is ruined for nothing.

The people that abuse children and actually film the porn should be punished severely. The people that read it, especially if they don't support the producers by paying for it, should be left alone. The government has no business telling people what they can own or look at. Let them fix the economy and win the war against terrorism instead.

People seem to have a need to legislate morality. Since everything goes today, they picked on this topic. How many people have had their lives ruined because of the rabble's lust for blood?

The torah has a different attitude and allows child marriages. The cohen godol may only marry a girl under 12 and a half years old.

For the record, I am a parent and personally find the idea of child porn repulsive and nauseating. But that does not excuse unjust punishment.

"in effect pays". For "in effect" paying for something after the fact, he should be heavily fined. Jail is for people that directly cause violence against children. What about those poor soles who's lives have been ruined for downloading free porn? As I said, it's a witch hunt.

Really? So you want to watch a man rape a woman and murder her during the act. You pay someone to provide you with that footage. You should only be fined? Please.

Child porn is not harmless and the victims cannot consent to the act.

I agree with Shmarya on the difference between mainstream adult porn and child porn (or snuff movies). However, "led by" has one good point. Someone can get unwanted images sent to them, either by mistake or maliciously. Those individuals are not the same as willful child porn customers and should not be treated as such.

The rabbi's say that the holier a person is, the stronger their Yetzher Hora.

Neil's lifes work proves that he had other things on his mind most of the time. It is truly sad to see a great man fall. They say Shimshon too was a great Tzaddik with an equally big weakness.

We do however have to protect our young children, and prosecute, but we cannot truly judge another unless we have lived in their shoes from conception on!!!

Technology is a double edged sword that is possibly corrupting those who otherwise would never have acted out on their impulses.

I hope he has the ability to continue his amazing good work during his incarceration.

Neil has put 40 years of research into Ashkenazic Rabbinic Dynasties. He proves that he has holy interests too.

The fact that it was long ago noted that Dr. Rosenstein is not haredi, yet that assignation remains in the first paragraph of your post is sloppy on your part. Your agenda is obscuring the facts.

Actually, I fixed it in the title the same day, but not the post. I fixed it now.

if mr rosenstein of elizabeth is not in fact hardei then what is his belief system.? he is a member of" elmora" temple/ synagogue.? he was not involved with chabad? for many years he was referred to as the most holy one so piously he portrayed himself. his level of piety was far higher than the norm. so he believed.

Shmarya--thank you for the correction.

Matisyahu,

What in the world are you talking about? Whatever his faults,he is not guilty of an exaggerated sense of self-piety.

Your comment is complete and utter nonsense.

dear anonymous sorry you miss what i am trying to say. no one that i know would beleive that one so pious would stoop to child pornography of pre. pubescent children.he is aparty to behaviour, that is descipcable. one wonders what his future goals probly loved by all for his great works on great granddees. seems to me he is a religious hypocrite. a strange digusting personality. must have a huge hidden inferiority complex. ask anne m the attorney general what she made of neil's behaviour read she could not sleep at night after watching his filth.

To Matisyahu (AKA Mordechai) - how's rehab working for your oldest son these days? I am surprised, that you - who comes to the door to greet his guests in the nude (perhaps this perversion of yours dates back to your youth and you are more to blame for what happened here than even Neil is) - would judge your family member (and victim) in so open a forum. Would you care to explain to the readers here how you physically abused your mother and threw her out of your house - until you needed her again? And why do you hide behind a fake name? Why not tell the world who you really are.

Readers, please be aware that this man is a certified sociopath.

I can't for the life of me figure out the misplaced hunt for victims of a crime. The criminals are the website merchants!

Why not go after them. After all they are on record and don't have to be hacked or traced by credit card purchases!

It's simply a case of misplacedd justice.

Dr Rosenstein's part is such a minor part of the case!

All the best you guys.
